There's Always Room for Great Audio!

DAYTON, OH – Compact yet powerful, the Dayton Audio Sola stereo speaker system features advanced acoustical construction, wireless Bluetooth connectivity, and a 30 watt Class-T amplifier.

Sola is the one and only stereo speaker you will ever need for listening to great music. Integrated Bluetooth technology allows quick and easy wireless connection to any Bluetooth-enabled device. The system features sophisticated speaker drivers coupled to an efficient, ultra-clean Class-T amplifier, filling any space, large or small, with energetic audiophile-quality sound unmatched by similarly sized but battery powered speakers.

Sola's contemporary design complements any décor and is available in three finishes. A furniture-grade cabinet utilizes advanced acoustic construction that produces surprisingly full sound.
