

Add Wireless, App Controlled Audio to Your Favorite Speakers

DAYTON, OH (February 12, 2019) – The Dayton Audio WF150A Multi-Room Integrated Amplifier offers three RCA inputs, optical input, Wi-Fi, and Bluetooth connectivity making this amp one of the most versatile home audio amplifier offerings.

With your choice of four separate input channels, along with Bluetooth, Wi-Fi or LAN connectivity, and a powered subwoofer output, the WF150A has the features you need to bring your audio system into the 21st century. High-quality speaker outputs, which accept bare wire or banana plugs, make it easy to connect your current speakers.

The included IR remote control allows you to switch input sources, browse presets, and edit EQ settings. Built-in Wi-Fi makes this amplifier compatible with the full line of Dayton Audio Hi-Fly products.
