

1. Go to [This Link](https://www.microsoft.com/en-US/download/details.aspx?id=21). (<https://www.microsoft.com/en-US/download/details.aspx?id=21>) It will take you to Microsoft's download page for .Net Framework 3.5.
2. On that page, you'll see a download button. It's circled in the following screenshot. Click on it.

.NET Framework 3.5

Microsoft .NET Framework 3.5 contains many new features building incrementally upon .NET Framework 2.0 and 3.0, and includes .NET Framework 2.0 service pack 1 and .NET Framework 3.0 service pack 1.

Important! Selecting a language below will dynamically change the complete page content to that language.

Select language

Details

Version:	Date Published:
3.5	8/15/2023

3. Once the file is done downloading, open the file and select the circled option to begin installation

Windows Features

An app on your PC needs the following Windows feature:

.NET Framework 3.5 (includes .NET 2.0 and 3.0)

Download and install this feature
Windows will get the files that it needs from Windows Update and complete the installation.

Skip this installation
Your apps might not work correctly without this feature.

[Tell me more about this feature](#)

Cancel

That's it! Once you've done these steps, your Dayton Audio GUI should open with no errors.
